He was taken at 10:30 AM at the  
PSC social hall as he had asked not to be  
shot when he was captured because he had

he had avoided being shot by shouting he would

He admitted contact between the CPP and the NLF. Praised that in two years they would have succeeded as there were three forces against me — the NLF, the AFP and the CIA.

I told him he was like Binay Aquino — a man who lives in a world created by his own words, a braggart and a loud mouth. And when he persisted that there were ways he could be used to tell him we had a temporary reservation and that the revolution was out of fashion.

in his two years in power  
I was down and he said that —  
950 and so did the Indonesian  
Communist in 1965
