MALACAÑAN PALACE  
MANILA

Walterman's  
nuclear meeting with the military bases  
came to prepare for the meeting with Amb. Tamm  
and staff next Wednesday at 10:00 AM.

We will emphasize the transfer of the  
administration of the military bases to a Filipino  
commander and a definite area set aside under  
the exclusive control of the U.S.

Amb. Tamm strikes me as a professional  
and not at all like a sincere unlike his  
predecessor.

I am convinced that Pres Carter  
was what he says about turning a new  
leaf in the relations between our two countries.  
The U.S. has even started to send us  
military equipment - 36 APC, 30 out of the  
77 M50 transporters, 1500 155 mm ammo, and  
500 M203 40mm ground launchers for  
the M-16. I attach the list and a proposal on  
military jurisdiction in the bases as well as the  
views of Pres. Carter.
