MALACAÑAN PALACE
MANILA

Arrival of Imelda at 6:10 PM from the U.S. She has been away since Sept. 25, 1977 on the following missions:

1. To deliver and explain the letter & write to Pres. Carter on the military bases and other military problems. It presents a new concept for Phil.-American relations.

2. To prevent the inclusion of the Southern Occident problem in the Plomic Conference of Foreign Ministers that was to be held Oct 5, 1977 in New York; and also to prevent any attempt to include it in any body of discussions.

In the process she will review our close ties with the (Plomic Foreign) Ministers.

3. To improve our relations with the U.S. Congress and media.

4. Obtain the services of the Philippine relations here.

She has accomplished her mission rather well and a mission started a year in the U.S. Panel Council on Security and the U.N. Panel Council on Security.

meeting next year in Manila. I want to meet the other
business men like Brzezinski and Vance.

And the \$20 million military aid for the
Philippines was passed.

Pres. Carter has told her that he welcomes
my presence in the letter. He sent me a letter
on Oct. 15, 1977 and has told me that he will send
Ambassador David Hanson with positive proposals.
