Calamity Markers Golf Tournament -

Bongbong arrived early this morning at about 3:40 AM from his date with the Veloso girls (He has been frank with me about what he does on his dates).

We slept with Irene at her room, putting the two beds in her room together, because she cannot sleep in our room.

Then brought Irene to the airport to take the KLM Jumbo jet for Amsterdam and London. Lucy accompanied her. Alberting and Cobadonga Rom were in the same plane. Dito Adriano took the plane too, apparently to accompany her.

Sec. Ponce Encule and I finished the water for any possible proclamation of martial law 6:00 7:30 PM. Then TV-Radio interview by KBS, Rey Pedraza and Emil Jurado. 8-9:00 PM.

Dinner while waiting our basketball team
being trained by Russian. Some of the Russians
are 7 ft 1/2 inches tall. Our tallest, Mariano is
6' 4".

Then conferred with Buena.

And moments with the guests at the State
Dining Room to assuage us in our loneliness
as we miss Irene. And Bongbong is out on
a date with a Cecilia Ramilla.
