MALACAÑAN PALACE

Sunday

at 7:30 PM at ^{MANILA} Ryugasaki. Urabe of Japan,
played golf with Ambassador. Urabe of Japan,
Gen. Greg Sicaras and Bobby Benedicto. Sec. Tanco
came at 10:00 AM.

We asked Ambassador Urabe to look quietly
into the possibility of a loan of 300,000 tons
of Japanese rice payable in rice, or cash, in 30 years with a
grace period of 10 years and at 3% interest. This
would be similar to the Korean loan.

Apparently it is a concessional loan to deve-
loping countries. The Korean loan must be in accordance
with the policy of Japan to strengthen the buffer
states - buffer between Japan and Red China.

Ambassador Urabe reminded us that the
Phil-Japan Treaty on Trade and Navigation has not
yet been ratified and this makes it difficult for him
to push through any requests for Japanese aid. And
he also spoke of the Japanese War Memorial. Sec. Aquino
apparently brought him by helicopter to Camp J. Aguinaldo
in Tanay near which a Japanese war memorial (which he
hopes will be a joint war memorial for Japanese and
Filipino war dead) will be built to dissipate the im-
pression in Japan of our continuing antagonism towards them

So I have directed Sec. Romulo to organize a task force to be headed by him to work for the ratification of the treaty.

The Board of Regents of the UP passed a resolution to the effect that in the maintenance of peace and order in the UP campus, the OCPD can go to the campus only upon call by the UP Internal Security Force.

Mayor Amaranzo told me over the telephone that he has written the Board protesting this as the UP authorities have no police authority, cannot make arrests, serve warrants etc.

The Board apparently is again showing an incapacity to meet the danger of communism in the university.

I attach a report of Ambassador Gonzales on the Spanish government's action on strikes and violent demonstrations. Usually this was in the form of a decree of a state of emergency or a state of exception which is a state of emergency short of war. This involves arbitrary arrests, searches without warrant, detention for an indefinite period and banishment.

Inelda gave me a song she composed - "Ang Bulay Kay Dyang-dyo - sa Araw ng Ito" and a medicine container in a key chain. The two girls gave us sweet slinks, mind light blue with the words in the chest "No. 1 Erypat" and Inelda's dark blue black with "Da BBS ERMAT" in front. I gave her some gold pearls and the girls ^{small} diamond rings (Inee a round one and a sunshine type and Irene a heart shaped one)
