Friday

Finalized the budget, the reorganization of the Armed Forces and the Bureau of Customs.

My vertigo has not improved yet - withstanding the histamine shots by Dr. Cruz Sim.

And I felt pain in the chest muscles. So I have been resting. I intend to rest the whole day tomorrow.

This morning we worked on the Community Loan agreement projects, the foreign policy aspect of the State of the Nation and the investments from the Private Investment Board of Asia, a consortium of Banks from U.S., Canada, U.K., Japan etc.
