MALACAÑAN PALACE

MANILA

Water skiing and swimming the whole morning at Simbones. Exercised before that. Lunch at 12.00 AM. Over-ate!!

Wiped up to 4:30 from about 2.00 AM.

Then went to the Palace for the conference with the American ambassador who came all the way from Baguio (where his wife is lying out after plastic surgery by Dr. Crismonter) the two base commanders of Subic and Clark and their staffs.

I attach the papers.

I announced that there was no violation of the Bases agreement as there was no direct launching of combat operations from the bases and if there should be any they were in accordance with the decisions of the Mutual Defense Board or the agreements in accordance with treaties (like the anti-submarine patrols)
