from Talaga.

Spent the morning fishing. Rather
reading on board the RPS Igorot - a
tugboat - more than fishing.

Ordered Gen. Ventura, Chief of
Engineers, AFP, to start the infrastructure
for the Tigayon, Com. Sur Resettlement
Project and to locate two more settle-
ments for trainees and retirees in
Mindanao and one for Sugon.

The evening we spent on the
school for Ince. Called in Consul Gen.
Pineda, Res. Marie Lawrence, Gen. the
Rhodes scholar to learn about Princeton.
Ince will probably go to Cranmer's
school (tutorial) then on to Princeton at the
Woodrow Wilson School for International Public
