MALACAÑAN PALACE

MANILA

Left by helicopter from Clark Air Force Base at 10:30 and arrived at Sugayon at 11:10 AM. Left Manila by Pakter at about 9:00 AM for Base Air Base, then to Clark by the same plane. Had to take the helicopter 303 piloted by Col. Lopez and Maj. Reynoso because the landing field of Sugayon is not operational.

There are still stranded people in Eastern Pangasinan — Natidad, San Nicolas, San Juan, Asingan, and in Southern Pangasinan Bayambang, Alcala and Bantista.

Met Gov. Agbayani and Bd. Members Vence and Posaró.

The DART (Disaster and Rescue Team) headed by Col. King and the Sicson groups rescued 130 people in Bayambang. About 2,000 people are in need of help there.

Had to go back to Clark at 12:30 AM when I took a hamburger and back to Manila at 2:10 PM arriving after twenty minutes.

Press interview then slept at 4:00 to 5:30

Exercised after interview by Richardson of The Age. Going back to Pangasinan via Puro St. Tomas.
