MALACAÑAN PALACE

MANILA

We are keeping Melda company as she keeps to bed on the advice of the doctor - Dr. Kemzel and Gloria Aragon. And she is feeling heavy in the stomach. We took an S-pectra and then we gave an injection.

I spent the day resting and attending to the pending papers.

Again a nap in the afternoon.

The situation in Vietnam is getting worse. I receive a briefing from the US Embassy Intelligence Officer, Donnie with Calais the AT officer.

It is confirmed that Commander Cely who was killed in Echague, Dulich is the defector Lt. Tagamalila, Cispin.

We have sent Lt. Col. Antonio Uy and Col. Pille of the Washington Embassy, to Los Angeles to meet with Frank Starr and Bob Yamaguchi as well as the Mexican who is supposed to have been contracted to assassinate me. I attach a report on this mission.

As well as the report on Vietnam.
