MANILA

I was starting a cold last night so
I took a couple of Decolgen tablets after meals
at 7:00 P.M. after conferring with Tano Fudo, Tera
Valoso and Judge Trancin ^{on} the boat and a
hot shower.

While having a massage at 9:00 P.M.,
I fell asleep to wake up at 2:00 A.M. when I
dressed up to call Inelda who was still talking
to the girls in the lounge and take kinaer.
Went back to sleep at 3:00 A.M. Wake up at 9:00 A.M.
completely refreshed.

The visit to Cebu was a complete success.
Inelda was welcomed in the streets, in the market
and in the conferences of mayors and the citizenry.
"I thought the baronesses were already unpopular," remarked
one newspaperman.

The same thing happened to me. People crowded
the streets to see me and shake my hand.

With the approval of Mayor Comares, Sr. Espina,
Congressman and Chief of Police Gulliano,
all policemen who are, after investigation by the FBI, found to
be guilty of anarchy, all be removed or suspended. Mayor
Comares charges Gulliano of leading a syndicate of crooks.
Sr. Espina countered that Mayor Comares, equal killed four men
in a tirade in front of the provincial jail in cold blood.
and men like him are fearful of their lives.
