The Florio situation has deteriorated.  
A policeman <sup>Gonzales</sup> has been killed by the men of  
Major Gonzales riding in two office cars  
apparently using Sig submachine guns which  
were formerly taken by Major Gonzales from  
the police armory some time ago.  
I attach the messages.

Rep. Caram urgently recommends PC  
control. I will wait for Col. Narciso's recom-  
mendation.
