MALACAÑAN PALACE  
MANILA

Rested the whole day as I was beginning to feel the symptoms of flu.

But worked on the pending papers. Sent Sec. Alex Felcher and Det. Deloria by helicopter to Central Luzon for a survey as the waters have risen higher than last week.

Apalit Dam has broken. Sugayan and Pook are again under water. The only helicopter in Caraga made 48 sorties to save about 400 people. Piloted by Cols. Supnet and Patchiffe.

Greg Budava missed that 100 people are floating in a raft off Bo. Subol, Sar. Misamis, Pangasinan.

5,000 sandbags have been used to strengthen the Tarlac Dam.

And it has started to rain in Pangasinan again according to Jake Clave and Bobby Estrada.
