MALACAÑAN PALACE

MANILA

I attach a letter from a certain Laureano Abaya of La Union who gives a different version of father's death. He claims that he was executed by the guerrillas in an eastern barrio of Bacor, La Union. But he is unbelievable as we have checked some of the details. His letter does not give the father speaking in Spanish when he favored English and Occano.

I attach also reports on Concom by Dr. Harris de Vega as well as on the political plans and activities of Sena Gerardo Reyes and of Salvador Sarmel as reported by Hector Ponce, Chairman of the National Students League, one of our sources of information.
