The Indonesian Communist Party apparently financed the CP (Communist Party of the Philippines) led by Jose Maria Sison, as far back as 1962.

J. V. Cruz received \$75,000 to support the Communist Party line in his column.

These are revealed in the documents that came from the Indonesian government and assessed by Greg Perez whom I assigned to NICIA.

I place his report in Envelope XVII-B.

Tony Raguza has asked that financial support of \$75,000 be given the Traditionalist Communist for their May 1st demonstration in support of Trade and Diplomatic relations with Communist countries.

I attach the notes sent in XVII-B. Also in the same envelope are Ambassador Byrnes's

reports to me on the Vietnam war with the North Vietnamese apparently engaged in a ^{successful} ¹ massive invasion of South Vietnam.

Dr. Kilmer, the author of the study on the Philippines on Strategic Studies who is also an intelligence agent feels that in two years the North Vietnamese will take over South Vietnam.

Ambassador Ingram of Australia sent me a book on Urban Guerrilla by Gross. He has been sending me materials ever since I mentioned I was writing a book on the subject.

I signed the reservation for the Pasadaya this morning. Gen. Simberg had left.

Sen. Pres. Puyat is acting like he wants to run for President in 1973. He has begun to criticize me behind my back. Like a good Pangango, he is friendly when I am around.
