Directed the acceleration of efforts on the GATT, LTA and IEC-ASEAN consultations to DFA, Finance and Trade.

Ad. Hon. Estelito Mendoza reports that Justice Fred Ruiz Castro has the decision upholding the constitutionality of RA 1700, the Anti-Subversion Law with only Justice Fernando dissenting and Zaldovar riding the fence but the justices would not allow him to promulgate it. I have asked him to expedite its promulgation.

Met Mrs. Primero, wife of the deceased doctor killed in Marawi by the Muslims. She says the civilians in Marawi participated in the uprising.

I have ordered the Marawi Police to be taken over by the PC and a strong officer assigned to supervise both Pansol del Norte and Pansol del Sur.

Sen. Tullbright is at it again. He has sent two men from his committee on foreign relations to check on Keras and the Philippines. They seem to be prejudiced and have set notions of criticism.

But I am sure we can meet all their doubts. They plan to meet with the opposition leaders, perhaps Gerry Roxas. We have to show them the records of the plans of the Liberal Party, the meetings at the house of the Gerry Roxas (the Villalón testimony) and de Leon on the swimmer training camp — the Adoroso coup de tat plans, the tie up with Larry Trackman, Pincio and Salaman on the assassination conspiracy and take over of govt.

Terry Adoroso surrendered this morning. He was shocked by the outline of the endeavor and pictures he was confronted with <sup>but denied everything.</sup> He will be kept at the Veterans' Memorial Hoop. His chief assistant in the Coup de tat plans, Jimmy Pimpoyco was arrested two days ago.

The rightist camp do lat plans using  
radical elements to set the atmosphere of  
anarchy and the plan to pre-empt the  
revolutionary leadership must now be unmasked  
for all to see — including Fullbright  
And we have to spare no one.
