The new principle of the fraud that  
is common or for that matter of any  
violent revolution; that it never attains  
the freedom that it seeks & nor does it  
attain the promise of material comfort.

conspiracy for a coup d'état after the elections  
of 1969.

The conspirators led by Terry Adorno,  
Jimmy Puyos and the retired officers  
are being interrogated.

As well as the criminal conspiracy  
to assassinate me and for the Vice President  
to take over.
